Bharati Vidyapeeth College of Engineering, Navi Mumbai

Department of Computer Engineering

Alumni Testimonials

Sunil Chaudhari

Batch 2001-2005.

Mtech. IIIT Allahabad.

Assistant Professor, Father Conceicao Rodrigues College Of Engineering,Bandra.

Email:sunil_chaudhari@fragnel.edu.in

As a student of Computer Engineering, I learnt the core Computer Science skills from BVCOE. The staff was supportive in solving the difficulties, be it personal or be it technical. Everything is constant except change. So I am sure many positive changes would have happened as compared to those years 2001 to 2005. I am grateful to BVCOE for setting a base of many engineering students (Currently working in good organizations). I am sure that the staff support as well as individual smart work of students will definitely lead BVCOE to new heights.

Amol Baviskar

Batch-2007-08 Passout

Training & Placement Officer, Asst. Professor

(Department of Computer Engineering) JSPM's Bhivarabai Sawant Institute of Technology & Research,Wagholi, Pune 412207.

mail-amol.baviskar@jspm.edu

"I am Prof. Amol G. Baviskar alumnus of Bharati Vidyapeeth from Computer Department". I am thankful to all faculty as well as TNP cell for making me special. The college provided adequate trainings to develop our Soft skills, Communication Skills as well as different workshops related to Technical Skills and Holistic Development. The whole process of placement was nothing less but a roller-coster ride, there were multiple rejections in each round but finally got offer. Thanks to TNP cell for motivating us and giving us the best trainings to achieve the best in the industries. I feel proud to be a part of this college where my hidden talents are developed by Excellent Faculty Members & TNP Cell. After graduation I completed by M.Tech from VIT (Autonomous Institute, Pune) in Computer and IT. As a result I working as Training and placement officer at JSPM's Bhivarabai Sawant Institute of Technology and Research, Pune from last 12 years.If anything to contribute from my side will definitely do it..I can help all our junior's in terms of placement as well as training.

Abhishri Arjun Pawar

Passout Batch - 2017-18

Officer

Bank Of India

Mail:abhishri.pawar@bankofindia.co.in

"I am Miss Abhishri Arjun Pawar alumnus of Bharati Vidyapeeth College of Engineering, Computer Department". The college has done the splendid job by inculcating the ability in me to learn and build the strong foundational knowledge provided by them. It also provided me with lots of knowledge and practical experience that comes handy in my professional career. Apart from this the faculty members of the college are very supportive and always ready to help and guide students.

 **Ms. Priyanka Dusane** **(2020 Pass-Out)** **Siemens Technology And Services Private Limited, Pune**	My four years at BVCOE were great and a memory to cherish for lifetime. It was full of fun, learning and grooming oneself. I am thankful to all the passionate teachers who were kind and well prepared for sharing their wisdom and experience with us. BVCOE provided a great exposure to students by organizing different activities, workshops and trainings. I had great support from all our Computer Department faculties. BVCOE has been a great contributor to the development of my personality.

Harmeet Singh Padda

Batch-2011-12 Passout

Senior Consultant(Business Analyst)

ThoughtWorks India

Email : harmeetpadda@gmail.com

Hello everyone, I am Harmeet Padda alumnus of Bharati Vidyapeeth from Computer Department (2012 passout). I am truly grateful to everyone in comps department to the kind of support I got rather my batch got. I remember I was not even eligible for placement for LTI(did not meet minimum %), but my department pushed for my case and I was recommended. Luckily, I was able to secure LTI offer which led to my career foundation. Currently am working as Business Analyst in one of the premium IT service and product provider. Looking forward to helping my department in any way J . Thank you.

Atul Kumar Prajapati

Batch-2015-19 Passout

Ex-Associate Software Engineer

Accenture Solutions Pvt. Ltd. Navi Mumbai - 400701

Email:prajapatiatul201@gmail.com

“Your past has a great role in your present". I can relate this to my days in the BVCOE’s Computer Engineering Department. Those days have made me, what I’m today. Have imparted the skills that I have. It’s really true that, it’s not about reaching a height, it’s about sustaining and being eager to conquer more, and that can only be possible if you have curiosity to explore. I was imparted with his attitude, over those 4 crucial years of my life, and I’m very thankful to that.

I would like to pass a wisdom i.e. see a dream for yourself and try to live it.

Amey Parekh

Batch of 2017

Senior Business Analyst

Kantar, Bengaluru

Email:
parekh.amey@gmail.com

During my four years of bachelor studies, I have gained the knowledge and skills that has helped me develop my career in the field of Technology. I am thankful to all the passionate teachers who were kind and well prepared for sharing their wisdom and experience with us. They always provided us with amazing opportunities and challenges that kept us on our toes and made us more capable of solving problems outside the realm of textbooks and our curriculum. I'm grateful to the efforts of our placement department that helped me bag the job that I applied for. Being part of the Computer Engineering Department at BVCOE has been an amazing learning experience and helped me enhance my interpersonal and communication skills.

Pritam S. Padhye

Batch-2019 - 20 Alumni

Assistant System Engineer Trainee- TCS

Mail: padhye.pritam@tcs.com

I Pritam Padhye a alumnus of 2019-2020 batch had joined as direct second year after my diploma. I feel pride when I say I am alumni of Bharati Vidyapeeth College of Engineering. We were never hurdled from being innovative and to bring out ideas out of us. The professors took pain to help us when and where required. I remember when I wanted to go for a international conference I was provided all the support for making the research paper for the same. When I was responsible for the departmental activities, I was given full freedom to work. The training arranged helped us become more competitive and business ready.

Swaraj Ingle

Batch 2014 - 2018

Software Engineer

WebMD

Mail: swarajingle@gmail.com

“I am Swaraj Ingle alumnus of Bharati Vidyapeeth from Computer Department". I am thankful to all the faculty members of the College for their continuous efforts and support. Apart from excellent academic experience, I also gained the benefits of being a part of CESA (Cultural Student' body) for 3 consecutive years.

The Department of Computer Engineering is the most comforting department. The faculties are very helpful, fun and highly educated. They have provided me a wonderful environment and opportunity to learn and grow myself in every field.

I cherish every moment spent at Bharati Vidyapeeth. My graduation at Bharati Vidyapeeth has been a very interesting and awesome journey.

AnitaDhami
Batch-2017-20 Passout
(Department of Computer Engineering)
Bharati Vidyapeeth college of engineering, Navi Mumbai.
Mail:anitadhamidjjs57@gmail.com

I Am from Uttarakhand, at first I was thinking about, how I will adjust to Navi Mumbai in a new environment of college but, At the very outset, I would like to express my heartiest thanks to the BVCOE family. I extend my warm regards to my dept, the Dept. of Computer Engineering which has immensely helped me succeed.I am highly indebted to the entire BVCOE family, in particular, the Dept. of Computer Engineering for helping me achieve great heights in these three years. As a result of the constant support and guidance from the department, I was the topper of the Department, I would like to say thanks to, Prof. Sheetal Thakare, Prof. Kanchan Doke Prof. Torna Kamble, Prof. Rahul Patil, They always support me technically, emotionally. Special thanks to Dr. D. R. Ingle sir they guide me in all steps where I was struck. I left the college Still I am in contact with the faculty, while I need any type of help and support faculty always help me. I would like to say so many things but I would like to conclude with a lot of respect, and gratitude towards my faculty members in the computer department.

 **Rohit Nair** **Batch-2013-17 Passout** **Pursuing MSc. Computing from Dublin City University, Dublin, Ireland**	The faculty of the Computer Department of BVCOE care about the student's well being just as much as their education. It felt more like a family than anything else and I will always be grateful to this institution for the grooming me into the person I am today. The course structure is good, faculty members are approachable and infrastructure is great. I came here looking for a degree and left with an experience words cannot describe.

Akshay Chaurasia

2016 Graduate

Cloud Support Engineer,

Amazon Web Services (AWS)

Dallas, USA.

BVCoE was like a second home for me. It gave an opportunity to build great relationships with my classmates, teachers, and staff. I found the professors and staff to be incredibly friendly and helpful as I was working on getting my degree. While I was studying here, I enjoyed the opportunities given to me by the computer department as well as the college to showcase my abilities by being part of the organizing team of various cultural and technical events. Being a BVCoEian has been an amazing experience for me that has helped me grow personally and professionally. I miss the time that I got to spend here.

"I am Ms. Rasika Dhavale alumnus of Bharati Vidyapeeth from Computer Department". I am thankful to all teachers for always motivating us, supporting us and giving best training to achieve my goal.
Thank you once again all faculties, staff and management of BVCOE, Navi Mumbai for providing us platform to choose right career option.

Nandan Grover

Batch-2014-2018 Passout

(Department of Computer Engineering)

Bharati Vidyapeeth College of Engineering, Navi Mumbai

Mail: nandangrover.5@gmail.com

As a Computer Engineer it is important to cherish curiosity, to develop understanding of process & to not give up on a problem till there is a solution. A very crucial role was played by the Computer Department & its Professors in imbibing above qualities in me. A strong backing by the department to explore the concepts not only on paper, but also in the real world has created a foundation that I will always be thankful for.

I have established my leadership, time management and team skills and have also been able to advance these skills to the whole new augment level’’.

Mr. Sumit Pandey

(2020 Pass-Out)

Tata Consultancy Services, Mumbai

"My years at BVCOE has been the most enthralling journey of my life. It has been an institute which has helped me nurture my skills as a computer engineer and grow in leaps and bounds. It has given me the support and confidence to grow both personally and professionally. The faculty have been a great support with their tireless efforts in my upbringing us an engineer. They have supported me not only in academics but also in extra-curricular activities. Our college campus is one of the beautiful campuses with greenery around and provides various facilities from a well-stocked library to well-equipped laboratories. The placements in our college have been great in the past few years. The placement officer and the staff have been putting their best efforts to ensure that each and every student has a job in hand. The constant support provided by the placement officer has given us the confidence to do well in our placements. This college has been like a family and I will always remember and cherish every moment of my life spent here."

 **Mr. Abhishek Thakur** **(2020 Pass-Out)** **Digital Specialist Engineer, Infosys Ltd**	I was a Computer Engineering student of BVCOE through 2016-2020. Both the teaching and non-teaching faculty are approachable and very helpful. I personally recieved great support from the Computer Engineering department and we had multiple co-curricular and extra-curricular events happening every now and then. The 4 years at BVCOE contributed a lot to my personality and I'm thankful for it.

They say "The influence of a good teacher can never be erased". I absolutely relate this to my days in BVCOE Computer Engineering Department.

The entire faculty and department is determined to shape one's future.

I have established my leadership, time management and team skills and have also been able to advance interpersonal skills. The guidance and learning provided at every step proved to be fruitful in building up a professional character in me and helped me to get placement from college.

I will always be grateful to them for providing me a platform of practical learning and preparing me for the corporate life.

It has been an enriching journey. Wishing the new batches all the success for their endeavors.

 **Kshitij Desai** **Batch 2011-15 passout** **Senior Quality Consultant at Vistaar Systems Pvt. Ltd.** **Email: email@kshitijdesai.in**	Whenever I start work every day, I feel lucky being an alumnus of BVCOE, Navi Mumbai. The college has helped us throughout the academic years. We also enjoyed a lot of extracurricular activities outside of the syllabus. The placement cell has worked as a bridge between the academic world and the industry. We got an immense amount of guidance during placement.

I profoundly would like to share that “Genesis” is an important word and I must say “BVCOE” is one place where it all started for me. Graduation was just a certificate but journey that made me capable of going that one extra mile can’t be summarized in few words. My political career started here from CESA, which further expanded to university level students politics. Apart from lecture rooms, labs or any infrastructure we could ask for, our mentors and BVOCE's vision to enable its student with industry level capabilities made the difference. It’s been 6 years since I am working for an industry where knowledge and discipline towards profession is an essence. I extend my heartfelt thanks to my alma-mater and mentors for their selfless efforts & also BVCOE Alumni Network from bringing all the Alumni on one platform.

Ms. Shruti Shailendra Varade

(2020 Pass-Out)

Those glorious four years of my life spent at BVCOE are among those days where life took some turns directing me to a bright future. Adding some more achievement on my resume and some more medals to my sports career.

Workshops, Presentations, cultural and sports activities had a great contribution in flourishing my personality. Our department of computer engineering always encouraged us to be an all-rounder student and have maximum participation as well as conquer every competition, be it a technical competition or a sports championship.

Thanking to all the teaching and non-teaching staff for the valuable time and assistance given to me throughout my course.

I was a student of Computer Engineering at BVCE. The entire experience in the 4 years I spent there was amazing. The staff is very good and I still remember the hardwork some teachers put in to ensure that we understood our subjects. The campus is beautiful and the hostel life is wonderful. The best part is the diversity of students. Students come from all across India and hence You get to know so many different cultures. I absolutely loved my college experience and the technical knowledge I gained.

Our college has always worked and helped each one of us to excel in what we are good at. I would like to thank all the faculties of Computer Engineering Department for their sincere efforts of bringing out the best of us and for all the motivation and encouragement they always have given us! Mr. Akshay Balkhande have always been like the pillars that helped me build strong foundations . Their contribution to what we are achieving today in our lives is not any less. I would like to say a big thank you to the teachers and the college for everything they've done for us and are still doing.

Varun Jain

Batch: 2007-2011

Pass Year: 2012

Member of Technical Staff

PureStorage (Portworx Software India Pvt. Ltd.)

Email: varun.jain203@gmail.com

College has taught me one fundamental thing that life is unpredictable. The experience can be weird, might be good, might be bad, and might not interest you at a time, but expect anything unexpected to happen.

I have always believed in this saying "*Chance favours the prepared mind*"- Louis Pasteur. To which I totally relate to as I took my time and invested in basic skills and competencies. I just followed my passion towards learning a skill and then improvising it, finding possibilities with it and applying it further so that skill is there with me permanently.

This for all of you out there:- Solve a problem then make it a little complex enough to solve it again and repeat.

The Computer Engineering program at BVCOE is amazing. The faculty, the infrastructure, and additional activities offered by the department are perfect to learn Computer science and be ready for a career in the industry. The faculty at the computer engineering department is extremely supportive and is always willing to guide students and help them in all the academic and extracurricular endeavors they undertake. The department also takes every effort it can to ensure that the students develop the right skills and are up to date with the industry requirements.

I have fond memories of the department and its wonderful professors and can wholeheartedly say that the guidance and encouragement I received here was instrumental in my career successes.

It was my immense luck and fortune to be the part of Bharati Vidyapeeth College of Engineering where I can grow. The entire faculty and department leaves no stone unturned to shape one\'s future. My three years in Computer Engineering department have been a wonderful experience of learning with prolific exposure to outside. Huge respect, love and devotion for entire faculty members and department. It is their efforts that make me to count myself into better professionals.

 **Mrs. Trupti Khadtare** **(2018 Pass-Out)** **Omnificent Technologies Private Limited, Mumbai**	I got to Know about this college through CAP Rounds everyone was talking about Bharti Vidyapeeth is very good college so I applied and I visited Infrastructure is very good, labs and faculty is also very friendly sincere they are very supportive to students so I refer this college to another friend. Our knowledge and skills have been stretched and tested at many points, but in all those stretching, pulling and shaping processes the only aim of BVCOE as a whole is committed to make their students better individuals with good values and great knowledge. All the teachers have always been extremely supportive. Various workshops and sessions held, improved my technical as well as interpersonal skills. BVCOE has given me a chance to participate in various committees to organize events and broaden my network. The placement cell has excellent policies and has exceptionally helped me build an industry-ready profile.

Email: rashmigoswami2010@gmail.com

It been a decade I graduated from Bharti Vidyapeeth College of Engineering (BVCOE)and I have fond memories of my college days. Being a part of this college is an honour in itself. The college is headed and managed by visionary Academician and eminent faculties members with rich industry experience and specialized skills. Apart from just the academics, the plethora of events at hand for students to organize as well as take part, is one reason why one should be at BVCOE.

I was involved in NSS and organized events and blood donation camps in our college as a part of Student Committee. This helped me to broaden my horizon and connect with people thereby improving my interpersonal and communication skills. Our faculty members are beyond amazing and they have always helped and motivated the students to think outside the box and come up with new innovative ideas and techniques.

BVCOE has been like a family to me and I will always cherish every moment of my life spent here.

The dream begins, most of the time, with a teacher who believes in you, who tugs and pushes and leads you on to the next plateau, sometimes poking you with a sharp stick called truth.

I do believe that a good and fostering environment helps people maximize their potential and achieve great heights in their life. I got invaluable support from people in Computer engineering in BVCOE. I learned crucial life lessons along with the coursework which helped me throughout my journey till date. My journey throughout 4 years have been graced by honest feedback and encouraging words by educators and mentors in the Computer engineering department.

I was given freedom to explore different ideas and projects outside of curriculum which in turn made me a multi-dimensional person. All this manifested into a forward journey of Self exploration, higher studies and entrepreneurship. I will always be thankful to my teachers, friends, peers and staff at BVCOE. They helped shape my future which led to a rewarding life of adventure and happiness.

Thank you!!

Amritansh

(*A proud First Bencher* ☺)

Ashish Yadav

Batch: 2007-2011

Pass Year: 2011

TIAA GBS

Email: ashish.9433@gmail.com

It was my immense luck and fortune to be the part of BVCOE where I learnt the syllabus obviously but also great contributor towards the development of my personality. Graduation was just a certificate but journey that made us capable of going that one extra mile can't be summarized in few words. The entire faculty and department leaves no stone unturned to shape one's future. My four years at BVCOE have been a wonderful experience of learning with prolific exposure to outside. Huge respect, love and devotion for entire faculty members and department. It's their efforts that make me to count myself into better professionals. It has been 10 years almost but teachers still remember my name (hopefully for good reason's □) and that also gives the feeling of sense of belongingness. I extend my heartfelt thanks to my alma-mater and mentors for their selfless efforts.

 **Prathamesh Thakar** **Batch-2014-18 Passout** **Data Science,** **National Payments Corporation of India** **Email:thakarprathamesh@gmail.com**	The faculty of Computer Science is very supportive at Bharati Vidyapeeth College of Engineering. Overall it has been a good fun and learning experience at the college.

 **SanjayKumar Kesharvani** **Batch-2015-19 Passout** **Project Engineer** **Wipro Technologies** **Email:Kesharvanisanjay @gmail.com**	"Your Dreams will be like Fly in Air". This college can help you to build your wings and Teach you how to fly in Air. This Four years will teach you how to deal with problems in real Life. How to handle pressure situation by Assignment and Projects this is example in course but when you enter in organization same think will come in small task that should be completed in their time bound. In college Life we learn how to manage time that helps in organization as well. So conclusion is that we build our wings in college itself when we complete our Studies the we are Ready to fly. Thank You.

 **Niraj K. Palkar** **Batch-2019 - 20 Alumni** **Linux Engineer- Amazon Web Services** **Mail: nirajp526@outlook.com**	I am Niraj Palkar alumni of 2019-2020 batch. I had joined second year after my diploma in 2017. My college journey was full of excitement. I learnt technical and non-technical skills under the supervision of excellent faculties. The faculty was really supportive and co-operative which created a healthy environment for growth of all students. Multiple training and workshops were conducted for developing industrial grade practical skills. The college helped us to hone management and soft skills as well, by allowing us to manage and host various extracurricular events and sports. I am extremely grateful for all the opportunities that I had with excellent guidance of the faculties that helped me in my overall development and growth.

 **Ashwini Vhanmane** **Batch-2017-20 Passout** **Training &Placement Officer (Department of Computer Engineering)** **JSPM's Bhivarabai Sawant Institute of Technology & Research,Pune** **Mail: arvhanmane54@gmail.com**	Bharati Vidyapeeth College of Engineering has good infrastructure and well maintained campus, the classrooms and labs are very nice. Bharati Vidyapeeth is a place full of learning, fun, enjoyment, culture. The faculty here has a perfect blend of technical and soft skills and leaves no stone unturned to ensure that we are provided with all the tools to become successful individuals, both, on the professional and the personal front. I am very grateful that I found this college for my masters.

 **Prajakta Jaybharat Jadhav** **Batch-2015-19 Passout** **Assistant Professor** **ViMEET, Khalapur** **Email: pjjadhav@vishwaniketan.edu.in**	"Social Transformation Through Dynamic Education" is not only a slogan but lived reality. BVCOE educates students in a very creative way and encourages them to think out of the box.I can say that BVCOE is the best college to be at ! The teaching and non-teaching staffs are very passionate and show their genuine desire to help students to achieve their goals. The multicultural environment that is unique to BVCOE provides me with the opportunity to become friends with people and also various learning opportunities via workshops ,seminars and industrial visits conducted by College.I am really happy with education and environment of BVCOE.

The faculty of Computer Science is the best thing that happened to me at Bharati Vidyapeeth College of Engineering. The amount of support and the guidance I received cannot be expressed in words. Be it success or failure, they always stood by my and kept me pushing towards new goals, many times which were beyond my limits. The overall personality and knowledge that I have today has a lot of impression that they left on me.

A student should stay focused to the syllabus and stay in touch with their faculties, and it's going to be an awesome journey.

“Your past has a great role in your present". I can relate this to my days in the BVCOE’s Computer Engineering Department. Those days have made me, what I’m today. Have imparted the skills that I have. It’s really true that, it’s not about reaching a height, it’s about sustaining and being eager to conquer more, and that can only be possible if you have curiosity to explore. I was imparted with his attitude, over those 4 crucial years of my life, and I’m very thankful to that.

I would like to pass a wisdom i.e. see a dream for yourself and try to live it.

Leena Patil
Batch-20015-16 Passout
(Department of Computer Engineering)
Mail: leenapatil017@gmail.com

The computer department of BVCOE reminds me of the golden days of my life where I not only grew as a professional but also as an individual. I truly believe that what I am today is because of the exposure I got in the department. I would like to dedicate my success to the honorable principal and all the faculties, especially Dr. Ingle sir (HOD Comp Dept), Prof. Kanchan Doke, Prof. Sheetal Thakre, Prof. Torna Kamble, Prof. Rahul Patil of the BVCOE Computer department. They always encouraged me to study in a conceptual manner followed by experimentation in the form of practicals and projects. Their well setup labs and assortment of study material also assisted me during exams. This helped build a strong foundation for myself and opened multiple avenues within the employment sector. I am grateful to all my professors and mentors for their unwavering support.

When I look outside the window of my office at a beautiful drizzling morning, and reflect upon the journey of my education, the knowledge I gained and the stellar bonds I made at this heavenly blessed temple, I shatter a tear of joy with a skip of heartbeat and gulp down a sip of coffee. This truly brings goose bumps not only to realize the said quote true but to cherish a proud moment of being part of **Alumni in the BVCOE's Computer Engineering Department**. The guidance and encouragement provided by the faculty members to explore my true potential was priceless, without it I most surely would have been lost at sea. The professors, administration staff, lab assistants and everyone in the whole big chain always created a comfortable environment for the students and that's why I could strive for success. My journey has been progressive because of values and ethics imbibed in me during my stay at BVCOE, and I will always be grateful for preparing me for the corporate life.

With all my experience I will only say whatever you go into, you have to go in there to be the best. There's no other formula. It's all about passion, honesty and hard work.

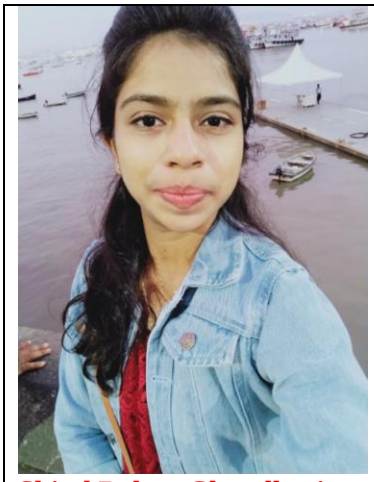

Aditya Kurhade

Batch 2014-2018.

Associate Tech Lead, Zycus InfoTech pvt. lmt.

Email: adikrhd@gmail.com

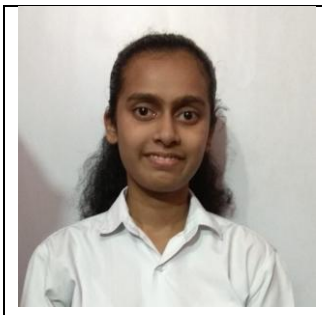

From writing the first line of code to developing a whole feedback system for the same college, You really can not ask for more. Faculty members always stood by the side when we wanted to challenge ourselves and do little extra like participating in hackathons. As a person I evolved a lot and was capable of starting my new journey in the corporate world. I am fortunate that I came across some of the great minds in those 4 years and formed a strong network with people from various fields. The only advice I would like to give to any new candidate is to keep solving problems,form a group in the college, arrange the competitions. Take this freedom & opportunity to explore new things.

Batch-2015 - 2019 Alumni

Success was a phenomena in my mind which I wanted to strive for, before I came to Bharti Vidyapeeth college of engineering And it was made apparent here by the guidance of the mentors, my hardwork and fate that I flew high to the right direction from where I was founded. Thanking for the miracle of life at Bharti Vidyapeeth college of engineering. Its Family.

Mr. Nair Nikhil Mohan

Software Engineer turned Dance Choreographer

Story Editor/Studio Director: Bigg Boss Reality Show

Production: Endemol Shine India

Channel: Asianet TV

Batch-2011 - 2016 Alumni

Mail : nikhilnair27@gmail.com

My name is Nair Nikhil Mohan. I am a Computer Engineer and a Dance Choreographer I first stepped foot on the campus in 2011 & my first thought was how lucky I am to have joined this college. It was early 2011, when I was here to gave my All India Engineering Entrance Examination (AIEEE), and the very same day, I had fallen in love with it, it's beautiful campus and wished to be a part of it. My college days at Bharati Vidyapeeth College of Engineering (BVCOE) have been exhilarating and a memory to cherish for a lifetime. For that, I whole heartedly thank my College, Computer Department, my extremely supportive teachers, non teaching staff and my friends for helping me to groom myself in all the possible directions. I'm grateful to the placement cell for guiding and encouraging me at every level thereby helping me secure my first job at such a reputed company. The regular & scrupulous lectures by our extremely friendly and energetic teachers, helped me to improve my aptitude and technical skills to a vast extend, they would often come up with some interesting examples to make the most difficult topic look easy.

Here, we were dedicated to the proposition that individual success and social responsibility can and should be together to make u a leader.I cannot forget my day's as the General Secretary of the college (2015-16) and President of the Computer Education Students Association (CESA-2015-16). Along with many amazing friends from various places and various cultures, we got lots of support to conduct many festivals at a large scale like Abhiyaan and Technomania, to name a few.

I've had my equal share of ups and downs & all these experiences made me a better person, I remember my teacher's always used to support and encourage me for my event's, my dance, my flashmobs, all my extra curricular activities, etc. I can only say this college has given me all the freedom to do what i wanted to and has played a very important part in my growing years. It would be unfair at my part to name a few people because it was all the department and the entire college that had helped me in my campus life. I just want to say that I

	shall always be grateful to each and everyone of you and please know that you all have my deepest thanks. Every passing year, I'm stunned by the quality of teaching and activities, and it's true that the department has set a benchmark in the world class education sector. I think it is impossible to translate into words the respect and admiration for My department, My college, The Director Shri. Vilasrao Kadam Sir, who by their contributions made me what I am today. Best of luck to all the incoming students and wish you all the success for your future. Thank you,

 Tejas Zarekar Batch: 2013-2017 Pass Year: 2017 (Computer Science) Lead Security Engineer - Apple Credit Cards & Marcus Bank Goldman Sachs Email: tjzarekar1@gmail.com	I graduated from the BVCOE in 2017 with a Bachelor of Engineering in Computer Science. I currently work with Goldman Sachs as the lead security engineer for Apple Card and Marcus Bank. In my short career stint of 4 years I have led security audits for multiple fortune 500 companies, been a prime investigator for one of the country's biggest cyber security attack, contributed to security of UIDAI-AADHAR project etc. After having found my calling in computer hacking, skills I learnt during my engineering days helped me make a well-rounded engineer with sharp aptitude in modern approach for software development. All my professional success & technical acumen can be traced back to BVCOE CS department and the faculty's unrelenting attempts to make us industry ready which has yielded amazing results. The breadth of experience and resources (peers, faculty, clubs, alumni) BVCOE offers means that it is the perfect place for you to find and excel at what you want to do going ahead. I cherish every moment spent at BVCOE. It has been an interesting and awesome journey so far!

 **Name:** **Ankush Fartale**	"Bharati Vidyapeeth college of engineering seemed to be the best place that offered me opportunities to grow as a person. It gave me lasting friendships, and the strength and knowledge that I am able to achieve my goals no matter the obstacles faced. My experience in Bharati Vidyapeeth has taught me true strength, and that it is okay to ask for help."

Batch: 2014-18 **Designation: Application Development Engineer In Test** **Company: CoreCard software pvt ltd, Navi Mumbai** **Email address: ankushfartale007@gmail.com**	

 **Aditya Ghan** **Batch-2007-11** **Pass Year - 2011** **Senior Consultant, Technology, Appnovation Technologies, United Kingdom** **Email:** ghan.aditya@gmail.com	I may be biased when I say this: Computer Engineering is perhaps the best department at BVCOE! The faculty here is rock-solid and supportive of our creative endeavours. My journey of 4 years was a roller coaster, with mighty highs and some tough life changing moments. Through my journey, the professors and faculty here were encouraging, supportive and helped me push my limits. I believe at the end of my journey I came out as an engineer with a creative mind, positive attitude, technical knowledge and pragmatic life skills. I would like to thank the professors and faculty of BVCOE, especially the department of computer engineering for helping us, nurturing us, and showing tough love when needed.
